

Voter ID Not Needed

**As a result of a recent court ruling -
- Pennsylvania's controversial voter ID law has been halted.**

It means that you will not need a photo ID to cast your ballot in this November's election.

I'm state Senator Jay Costa.

You will be able to continue to vote – as you always have in the past – without a photo ID.

Under our Constitution – voting is a right.

**Remember –
every vote counts –
-- now as a result of
the court ruling –
every vote will be
counted on Election
Day.**

**Cast your ballot
on Election Day
November 6th.
Thank you.**
